

LATE...

A little late posting news but sadly a little short on time! It's been a very busy and enjoyable 2017. When I laughing thought I'd have a few quiet spells - I didn't.

Thank you for keeping me busy.

ON THE MOVE!

No, well not yet! Our planning applications have been met with great resistance from the planners and their consultant. They aren't keen for us to relocate Hop Inn and set-up a permanent 5 Star Residence 5 minutes away where there's plenty of fresh grazing space, a compost site, forage to pick, meadow hay, easy parking & even more me time to spend with them. I'm not too sure what all my guests think of that - If they could only talk.

I'll keep you posted - it's only been 2 years in the planning system!"

RWFA - THE RABBIT WELFARE ASSOCIATION & FUND

In June I managed to steal time away with daughter Tay and attend the RWFA Conference in Edinburgh at The Royal School of Veterinary Studies. It's a fabulous way to keep up-to-date on everything. It's also a great way to catch up with like-minded friends - Paul from [Runaround](#), Kirsten from [Binky Toys](#), Martyn from [Pet Remedy](#), Twigs author [Foraging for Rabbits](#) & Team Rae [RWFA](#). All their on-line sites are definitely worth the visit.

I'll be buying new outside runs and fixing and painting my Nissan type runs (which have served me very well).
